

Encourages Vote for Sordi

To the Editor:

I strongly encourage all residents of Woodbury and Bethlehem to vote for Steve Sordi to represent our towns on the Board of Education. I have known Steve for many years on both a personal and business basis and I believe he possesses the skill set necessary to represent the interests our towns and our children on the Board of Education.

Steve is a responsible and conscientious individual as well as a detail-oriented professional with strong interpersonal communication skills. He has the experience and ability to impartially assess an issue or problem and to make recommendations and effect solutions based on facts rather than innuendo or speculation.

Steve is actively involved in our community working with adults and children alike in a variety of functions. He is a dedicated professional and a thoughtful problem-solver who exemplifies what commitment means.

And unlike many other people to whom I've listened, Steve Sordi does not have a personal agenda. His primary concern is simply the welfare and education of our children.

Get to know Steve Sordi personally. You'll find a person who has unwavering moral values, a deep-seated concern for others and someone who is genuinely altruistic in his motives.

Again, I encourage you to vote for Steve Sordi for Board of Education in Bethlehem-Woodbury. You'll be pleased that you did.

David LaManna
