

Will Vote for Barber

in Region 14

To the Editor:

For the past couple of weeks we all have been reading the letters to the editor supporting certain candidates running for the Board of Education in Region 14. They don't vary in many ways, "so and so cares about our children, our community, and about the quality of education in our region." Blab blah blah.

Well if you ask me any person who is willing to sit on the board and volunteer their time must care about these things, much like any decent human being does.

We now have to make a decision as to who are the best candidates to sit on this board. We should want a person who is honest, hard-working and has respect for the position he or she holds and more importantly for the people who elect them.

To me the choice is obvious, Bill Barber has all these qualities and more.

I can assure you that Bill will be a valuable conduit for the taxpayers and parents of children in our school system to the Board of Education and will listen to the ideas and concerns that we may have in our children's education.

Bill is very open-minded and is committed to doing what's right and not what is in style.

It is time we elected members of the board who will have the courage to represent what is best for our children and community and not just go with the flow when pressed on an issue.

The opportunity presents itself June 7. I hope we all have the same courage to make a change.

John R. Danaher
