

Wants Region 14 Reconfiguration Vote

To the Editor:

Roxbury, Bridgewater and Washington.

Bethlehem and Woodbury.

One of the most important assets in each of these towns is the local elementary school, not only effecting the education of our children, but also our real estate values.

It is a shame that the conflicts and huge expense that both regions have experienced could have been avoided.

It is a given that each town in a region has to agree before any major change is undertaken (in Region 12, a new regional elementary school for the three towns; in Region 14, the reconfiguration of the elementary schools in Bethlehem and Woodbury).

With five grandchildren living within Region 14, I will be relieved when all this is history.

Mr. Conway in Voices, January 3, [letter to the editor] stated the case very clearly.

Let's get to the legal vote in Region 14 without further delay or expense.

Ralph Barton

Roxbury
