

## Sordi Ideal Candidate

To the Editor:

My neighbor and good friend, Stephen Sordi, is an ideal candidate for the Region 14 Board of Education. Vote for him and you will get a board member who actually participates in board business by asking substantive questions, expressing community views and supporting the goals of his constituents.

You can be sure that Stephen Sordi will not neglect his constituents by failing to communicate with them, when a strong and logical voice is imperative

Stephen Sordi is committed to his community and its surrounding towns. He and his family are parishioners at the Church of the Nativity and has for years helped stock local food banks with his volunteer work.

For the past five years he has helped mentor 14-21 year-old citizens through the Law Enforcement Explorers Program. Stephen Sordi is in charge of the Shepaug Valley Youth Patrol Program.

In addition, the Board of Education appointed him to the Region 14 Building Committee to assist in the development of any future school construction/ renovation projects.

When you elect Stephen Sordi, no board member will work harder or research matters more thoroughly than he. Just ask the other members of the Reconfiguration Transportation Committee, with whom Stephen Sordi served.

Stephen Sordi knows that in order to build a sound educational house you need a sturdy foundation, not one built on silence and disregard for the needs of his constituents.

I urge you to vote for change and elect Stephen Sordi to the Region 14 Board of Education. He is a good and honorable man.

Thomas L. Brayton III
